## NEWS FROM THE OFFICE

### HAPPY 2026 EVERYONE!

Hope you all had a wonderful holiday season.

Reminding all that the 2026 Annual Assessment in the amount of \$68 is due by January 31. If not paid by then, there will be a \$15 late fee added to your account. If you are unsure as to whether or not you are current, just give me a call at 928-772-6118.

On another note, overnight parking is not allowed at the POA building's asphalt parking lot. Only day parking is allowed. The gravel lot is available for overnight parking and you must request a 'Parking Permit' from the office. Please contact me if you need to leave your vehicle on the lot for either a short term or long term period of time.

Architectural permit applications are required for all modifications or additions to your property. Please be sure to ask me for a copy of the Architectural Guidelines and Permit Application if you are planning any changes to your property. Landscaping does not require a permit and driveway work will require a permit from Yavapai County but not from the POA.

It's important to NOT feed the wildlife. They need to take care of themselves and not depend on people for their food. The more people they are around, the less fear they have. It's not good for wildlife and not good for us to feed them. Besides, it's against the law. However, leaving bird feeders in your yard and a birdbath for our feathered friends is fine.

Look out your window. Pick up miscellaneous items and store them out of sight; cut the weeds and dead trees and tidy up. We all will appreciate it!

Have a wonderful New Year and be careful out there.  
Marge Huffman, Office Manager

# PCC POA BOARD OF DIRECTORS MEETING

## Prescott Country Club Property Owners Association ANNUAL MEMBERSHIP MEETING MINUTES DECEMBER 3, 2025 [www.pccpoa.com](http://www.pccpoa.com)

The following minutes will be approved subject to corrections at the next POA Annual Membership meeting.

### Date & Time:

Pursuant to section 7.0 of the POA Bylaws, the Annual Membership meeting was held on December 3, 2025 at the Property Owners Association - Activity Center at 6:00 pm. Note: A Holiday Social was held at 5:00 pm prior to the meeting and was attended by approximately 45 members.

### Officers and Quorum:

President, Al Zielinski, opened the meeting and the following additional Board Members were present: Chris Baum, Jennifer Lynch, and Bob Heise. PJ Bradfield was absent.

**Presidents Report:** Al Zielinski introduced the individual POA Board members and their specific committee assignments: Chris Baum, Vice President - Serves on the Architectural, Budget & Finance, and Chairs the Health & Safety Committee. Jennifer Lynch, Treasurer - Chairs the Budget & Finance, Building & Common Areas, Community Events & Relations and Elections Committee. PJ Bradfield, Secretary - Chairs Community Enhancement and CC&R Compliance Committee. Bob Heise, Director - Our past President and newly appointed to the vacant Director position. Also noted was John Ferbend, not officially a Board member but serves on the Building & Common Areas Committee with Jennifer. Marge Huffman, Office Manager, does a wonderful job with too many tasks to list. Al also noted the POA Board of Directors serve as volunteers without any compensation; we can have up to nine directors and are always looking for people to serve the community.

**Finance:** Al reported we are in very sound financial shape with the following bank balances: Operating Fund Checking \$81,365; Reserve Fund Checking \$72,860 and Reserve Fund CD \$51,296.

**Reserve Fund Projects:** Al went over some of the many Projects that have been completed or are in process:

1. The fence was removed around the storage area and junk hauled off.
2. The septic system was pumped and serviced/repaired.
3. The storage shed was replace with a new Tough Shed and relocated.
4. The main parking lot was sealed and striped and the gravel parking lot was dressed with new gravel.
5. The POA Office Sign and North Monument Sign are currently works in progress.
6. A new picnic table has been ordered to replace the old wooden set.

Al also added that there are many new projects to be done in 2026 based on the Reserve Study, mostly to the office interior.

**Election Results:** Jennifer reported that Chris Baum and PJ Bradfield have been re-elected to the POA Board.

They were the only two running for office. The IRS Ruling: Passed.

**Approve Minutes:** Passed Town Hall: Yavapai County, District 2 Supervisor Dee Jenkins - Appointed in April 2025 to replace James Gregory. Supervisor Jenkins was a past Mayor of Camp Verde, former Council person and has a strong financial background with several businesses. She introduced several County Staff from various departments:

- **Development Services:** Mark Lusson - Mark discussed the permitting process. They have 12 inspectors that typically drive over 280,000 miles a year. They have now implemented a "Virtual Inspection Process" that allows inspectors to conduct inspections over your phone to save time and is more convenient.

- **Planning & Zoning:** Matt Blake - Matt discussed the plan to update codes and zoning and has hired a consultant to develop the new plan. Will take three years to complete and take into consideration Preservation vs. Growth. Public hearings are planned and looking to adopt the New Master Plan in 2027.

- **Public Works:** Joe Huot - Joe presented information on where road fund dollars come from, State Highway User Revenue Funds, not county taxes. He reported the streets in Prescott Country Club are rated in Good to Excellent condition. He also stated that PCC is the only community to have the Radar Speed Sign they maintain. Joe also requested that residents contact Public Works if they are doing any work in the Right of Way.

- **Community Health Services:** Carol Lewis - Carol reported that Yavapai County Health Services has facilities located in Prescott, Prescott Valley and Cottonwood. They are the only one accredited in Arizona. They are open to serve anyone in the community with Primary Care, Dental, Mental Health, etc. They also accept Medicare and same day appointments are possible. Check the Yavapai County website/Community Health.

- **Emergency Management:** Ashley Ahlquist - Ashley reported that 90% of Americans live in some type of disaster prone area. She suggested three things: Make a Plan, Build a Kit and Stay Informed. Recommends everyone have 2 weeks of supplies. She also recommended people sign up for Emergency Alerts with "Genasys Protect" and the new "Rave" notification systems.

- **YCSO:** Captain Jarrod Winfrey - Captain Winfrey reported that their #1 number of calls is 911 hang-ups. They have to respond to those calls. He also said traffic is a top issue in PCC and they have made 1,230 traffic stops in the past year. He informed us that due to "Home Rule" being approved, they have been able to acquire many new vehicles, radios and are hiring new Deputies. The YCSO website has implemented a New Crime Mapping feature that allows anyone to see what crimes are occurring in the area.

- **YCSO Public Affairs:** Steve Brazell - Steve talked about the importance of signing up for Emergency Notifications with "Genasys Protect" and the new "Rave" system, which was implemented state wide. You can also put in information if you are elderly or disabled so if an evacuation is necessary, they can assist. He talked about Scams and that \$11 million was lost to scams in Yavapai County alone. He recommended for email and phones: don't answer unknown callers, don't click unknown emails, don't send money or gift cards and don't trust caller ID... Can be a scammer. Call your trusted number for your bank and don't fall for Romance scams.

- **District 2 Executive Assistant:** Amber Pava - Amber reported that all Yavapai County Districts are implementing Newsletters. They will be available on the Yavapai County website if you want to stay connected with District 2.

## ADJOURNMENT

# Prescott Valley Chamber Report

As we step confidently into 2026, the Prescott Valley Chamber of Commerce is energized by a strong sense of momentum, optimism, and purpose. A new year always brings fresh opportunity, but this year feels especially promising as we build on the progress made by our members, our partners, and the broader Prescott Valley community. With high expectations and a shared commitment to collaboration, 2026 is already shaping up to be a year of meaningful growth and impact.

One of the most exciting areas of growth continues to be our Hispanic Business Association (HBA). Over the past year, the HBA has expanded its reach, strengthened its leadership, and deepened its engagement across our local business community. This growth reflects not only increasing participation but also the value of inclusive economic development that supports entrepreneurs, creates jobs, and fosters cultural connections. In 2026, the Hispanic Business Association will continue to elevate voices, provide education and networking opportunities, and serve as a vital bridge between businesses and the community they serve.

January also brings one of our most anticipated events of the year “the State of the Town,” scheduled for January 27. This event is more than a presentation; it is a moment for reflection, alignment, and vision. Community leaders will share insights into where Prescott Valley stands today and where we are headed tomorrow. For our business community, the State of the Town pro-

vides clarity, transparency, and a roadmap for growth, reinforcing the strong partnership between the Town of Prescott Valley and the Chamber of Commerce. We encourage all members to attend, engage, and participate in shaping our collective future. For ticket information and to make reservations, please contact the chamber or visit our website at ovchamber.org

As we kick off the year, we are also proud to welcome several outstanding new members to the Chamber. Arizona RV & Service brings valuable expertise to our region’s growing recreation and tourism economy. Around the Mountain Magazine joins us as a trusted storyteller and community connector, highlighting the people, places, and businesses that make our region special. We are also pleased to welcome Prescott Periodontics & Implant Dentistry, whose commitment to specialized care enhances our local healthcare landscape.

The Prescott Valley Chamber of Commerce enters 2026 with confidence, collaboration, and a clear focus on connecting commerce and cultivating community. Together with our members, we look forward to a year filled with opportunity, innovation, and shared success.

## **DIGITAL NEW YEARS RESOLUTIONS: The start of a new year is the perfect time to overhaul your digital life.**

More than just new gadgets, your 2026 resolutions should focus on three pillars: Digital Well-being, Security and Skill Development.

### **FORTIFY YOUR DIGITAL WALLS**

First, prioritize security. Start by implementing multi-factor authentication (MFA) on all sensitive accounts – banking, email, and social media. Next, ditch those easily guessed passwords. Resolve to use a dedicated password manager or create and store unique, strong passwords for every login. Finally, make data backup a non-negotiable weekly habit. Whether it's to a cloud service or an external drive, having a secure copy of your files is the ultimate peace of mind.

### **MINDFUL TECH USAGE**

It's time to take control of your screen time. A key resolution is to improve your digital well-being. Set boundaries by establishing tech-free zones, such as the dinner table or your bedroom, to ensure better sleep and more present interactions. Use your phone's built-in "Digital Wellbeing" or "Screen Time" tools to monitor your usage and set daily limits on time-sucking apps. Practice intentional scrolling; before opening social media, ask yourself: What is my goal for using this right now?

### **LEVEL UP YOUR SKILLS**

The tech landscape is always evolving, so resolve to learn something new. Dedicate a small amount of time each month to mastering a new skill. This could be anything from learning the basics of copying and pasting to understanding how to personal productivity. Upgrading your skills keeps you relevant and opens the door to new opportunities.

## **Changing Habits Starts with a Calm Focus and Choosing Good Substitutes**

### **Happy New Year!**

Do you make new year's resolutions? How many of us have promised ourselves that we would lose weight, start exercising, stop drinking, or smoking? How many times has that worked out for you?

Making overreaching goals tend to disappear after we've faced a few days of not being able to perfectly execute them. So, many people simply give up and go back to habits they actually do want to change. There's a lot more personal baggage that distracts us from our goals but that is not what I'm focusing on. Let's focus on what we CAN do.

Habits form from repeating actions over and over until they are firmly embedded into our behaviors, and if we're trying to do something that we don't like we're already fighting an uphill battle. Why not consider one small change at a time that you can happily live with?

What if, instead of making resolutions that we know will frustrate us, how about making a decision to make one tiny step. How about promising yourself 15 minutes to enjoy a cup of herbal tea? Maybe you already drink herbal teas, then try a new tea and see how you like it.

How about adding some bitter greens to your meals? Maybe once or twice a week try putting some arugula in your salad, you might like it enough to do this more frequently.

We've had to cut our sugar use down our household. I'm not much for sweets but my husband loves them, so we have to find ways to cut processed sugar from our lives. I've discovered coconut sugar, which is delicious in baked goods, and other less processed forms of sweeteners. Honey and maple syrup are wonderful alternatives and don't disrupt insulin levels as dramatically. When I do bake, his treats are less sugar laden and he doesn't feel he is missing out. This is what helps him stick to his goals.

Take one small step to build a new habit, anything at all. Drink more water, have one less pop a day, eat a variety of fruits and vegetables. Small changes are more likely to be maintained since we aren't adjusting our whole world around them and pretty soon we realize we've brought them into our lives and we are better for it.

May your new year be healthy and happy.

## Last chance to STOP the GT “forever mine” impacting residential areas

As expected, on December 11, 2025, the Prescott Valley Town Council voted 5-2 to approve BOTH the “Major Amendment to the General Plan” and a “Development Agreement” between the Town of PV, the Fain Family and AP&S.

1. The approved “Development Agreement” is contingent upon the upcoming re-zoning final approval of the GT site AND will go into effect ONLY if it survives possible voter Referendum challenge.

The terms of the agreement CONFIRM that in just 15 YEARS, the GT 40-ACRE Mining Operation could possibly expand into the 1600+ Acres behind Prescott Country Club, Raven Ridge, StoneRidge and The Blue Hills, if approved by a future PV Town Council. If the GT mine is installed now, it is reasonable to assume future expansions are likely.

2. The “Major Amendment” to the Voter-approved General Plan 2035 changed the 40-acres of the Village PAD A-1 from “Residential” to “Industrial” clearing the way for future mining and/or other industrial uses.

3. The first of TWO Public Hearings on the Zoning Map Change from “Residential” to “Industrial” for the GT gravel pit mining operation was heard. ONE LAST PUBLIC HEARING IS SCHEDULED FOR JANUARY 8TH, at which time Town Council will VOTE on the GT location. Please plan to attend.

### Quality of Life

Property Values • Affects Multiple Neighborhoods

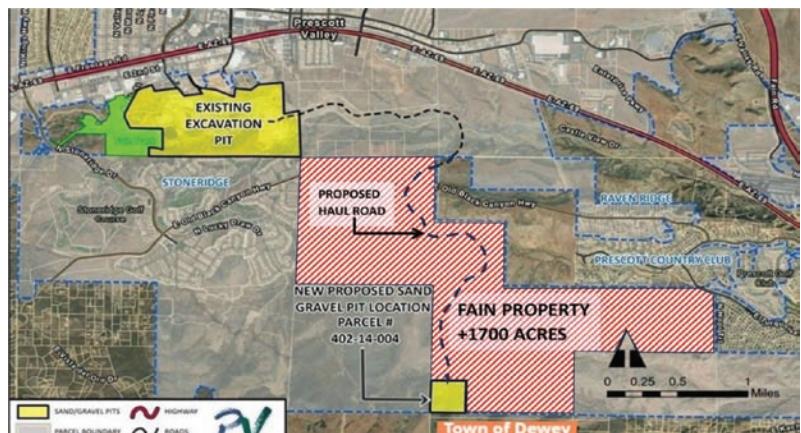

FSG/AP&S wants to install a 40-acre new gravel pit & haul road. Operates 5-6 days a week 7am – 7pm. Periodic blasting. Silica dust / wind. Noise from pit and heavy equipment / dump trucks on a 4.5 mile dirt haul road near established homes.

IF THE ZONING CHANGE IS APPROVED, AP&S WILL BEGIN WORK ON THE GT GRAVEL PIT MINE OPERATION IMMEDIATELY. Excavation for the 4.5-mile-long dirt haul road from GT to the AP&S processing plant at StoneRidge will begin right away, followed by construction of the new rock crushing plant, and heavy equipment to conduct 100,000-tons of rock drilling, blasting and hauling.

### Do You Know The Benefit of a Beneficiary Deed in Arizona?

A Beneficiary Deed allows Arizona homeowners to name who will inherit their property after their death, **without going through probate**. It's a simple, cost-effective way to ensure your home transfers directly to your chosen beneficiary, saving time, legal fees, and potential family disputes. The deed can be changed or revoked at any time during your lifetime, giving you full control and flexibility over your estate planning. Your family attorney can prepare this document for you and record it with Yavapai Title. If need a referral for an attorney, please feel free to reach out. Happy New Year!

## 2026 Color of the Year

Every January, I'm excited to introduce Pantone's Color of the Year. This year, I'm not so excited because the color they chose is Cloud Dancer, a hazy shade of white. Where is the color in white?!

According to Pantone Cloud Dancer is "calming influence in a frenetic society, a conscious statement of simplification, a fresh start to let go of outmoded thinking and look to new approaches."

Personally, I think it's a little boring. In today's world, I want to see colors that make me smile and uplift my spirits. I'd use a hazy white like Cloud Dancer as a background color to make more vibrant colors pop, not as the main color. Of course, Pantone didn't ask for my opinion.

They did ask designers across industries and around the globe. Based on their feedback, Pantone selected

a color that captured the global zeitgeist. The Color of the Year expresses a global mood and an attitude, reflecting collective desire in the form of a single, distinct hue. (Maybe it is time to be globally boring.)

As in past years, Pantone's color of the year will be featured in everything from cell phone cases, furniture, paint, home décor and fabrics to make-up and jewelry. Be prepared to see a lot of white this year.

In honor of Cloud Dancer, I'll use white pearls, sterling silver, mother-of-pearl and clear crystals as accents to vibrant reds, blues, greens and purples. The resulting jewelry will have simple calming designs and colors that make you smile.

Here's to a beautiful New Year!

Donate Blood This Valentine's Day!**

The Prescott Country Club POA is proud to partner with Vitalant to host a community blood drive on Valentine's Day, Saturday, February 14, 2026, from 10:00 am to 2:00 pm. The need for blood is constant, and your single donation has the potential to save up to three lives!

Every two seconds, someone in the U.S. needs blood, and hospital patients' needs do not take a holiday. The holiday season often sees a slump in donations due to busy schedules and travel, making your contribution at this critical time even more impactful.

# Is Homeownership Part of Your 2026 Financial Plan?

While mortgage rates have been elevated for the better part of three years this year we've seen them come down to their lowest point, ranging between 6% and 6.375% for a Conventional 30-year fixed. A three-year low interest rates still hasn't been enough of a drop to shake the tree loose of buyers. Those sitting on the sidelines are waiting for them to get even lower. Many think that by waiting, values will drop making homes in our area more affordable. As we saw during the Covid pandemic, when interest rates dropped and were at their lowest, values peaked causing steep competition with many buyers electing to pay well over market value.

I am fairly confident we won't see people over pay for properties when interest rates do reach their bottom, at whatever rate that may be and whenever that might happen. I'd like to think that we can learn from history like this and that eventually people will get tired of waiting [for whatever it is they are waiting for] and get on to homeownership.

It's unlikely that mortgage rates will drop to as low as 5%. Many mortgage and real estate talking heads stated in 2025 that any rate below 6.5% was enough to motivate buyers. I am finding this to be true because as of November 2025, mortgage applications for purchases are up over 17% versus this time last year and refinance demand has spiked too.

It's possible that as we head into the new year, those having waited out these last three years will be more likely to pull the trigger. A flood of buyers to the market may initially drive prices higher.

That increase will last until sellers then become motivated to list their homes. When that happens, history shows us sellers will start with above market prices until which time an abundance of properties and buyer activity become in balance.

There will always be small valleys following a peak in prices. Interest rates could be the deciding factor for just how big or small and how long those troughs will be in 2026. One thing is for sure, the trend in values over time, is always rising.

There is so much more to buying and selling a home than interest rates. The dynamics of striking a deal at the lowest price at the bottom of an interest rate cycle is nearly impossible. I've said it before and I'll say it again when it comes to buying a home and it's for your personal enjoyment with your family, it is always a good time to buy a home.

# MICHENER GROUP AND HIGH DESERT INVESTING

Hi Neighbors,

My name is **James Michener**, and I've been proud to serve the **Prescott** real estate community for over a decade. In fact, I'm honored to be recognized as one of the **top five realtors** in Prescott over the last **ten years**. But more importantly, I live and work right here in our neighborhood, **The Prescott Country Club** – and I care deeply about this community. I served a **two-year** term on the HOA board to become more familiar with our amazing neighborhood and to help bring new ideas and keep our community great!

Right now, the **market** is shifting, and many homeowners in the **Prescott Country Club** are wondering what their home is really worth – and what their options are if they **choose to sell**.

Lately, I've been getting calls from neighbors asking:

*"Should I fix up my place before selling?"  
"What if I don't want to deal with showings or repairs?"  
"How much could I actually get for my house right now?"*

Here's the good news! You have options, and I can help with both.

## Option 1: I'll Buy Your Home for Cash

If you want something **quick and simple** — no repairs, no cleaning, no stress — I'll make you a fair, no-hassle cash offer. You pick the move-out date. **No open houses, no commissions**.

*"James bought my house as-is. I didn't lift a finger and closed in less than two weeks. It was a huge relief." – Carol M., Prescott Country Club*

## Option 2: List It for Top Dollar

If you'd rather go the **traditional route**, I can list your home on the **MLS** and help you get every penny of what it's worth. I'll **guide** you on what (if anything) needs fixing, and how to make your home shine — **without overspending**.

*"James sold our home in just 4 days and got us over asking. He made the whole process smooth and actually enjoyable."*

**– Mike & Tammy L., Prescott**

Whether you're **ready to sell** now or just **exploring your options**, I'd love to be a resource for you. There's no pressure, just an honest conversation with a **neighbor** who knows this **market** inside and out.

Warm regards,

**James Rusch-Michener**

## Dog of the Month

Liz Stegmaier

Doodle here, I'm a Chihuahua mix about 11 months old. I don't know what my other mix of dog is, but my personality mix is sweet, a little shy at first meeting but I can warm up fast. I'm more shy of men than women, only because I wasn't raised around men. I am already neutered, have my shots up to date and a microchip. If you would like to come out and meet me, please call the rescue @ 928-925-7219. I hope I can find my new home soon. [aarfrescue.net](http://aarfrescue.net)

[aarfrescue.net](http://aarfrescue.net)

## Cat of the Month

Ellie is a sweet and gentle 4.5-year-old girl who is once again looking for a quiet, loving home to call her own. Her senior owner was no longer able to care for her.

Ellie thrives in a calm environment and would be happiest as the only pet so she can soak up all the love, attention, and, importantly – space! She's a devoted companion who enjoys spending serene moments by your side, but don't let her soft nature fool you...she still loves a playful romp now and then.

If you're searching for a loyal, affectionate friend who will make your home feel even cozier, Ellie might be the perfect match.

Ellie is a short hair grey tabby with white who is current on vaccinations, is spayed and is microchipped. If you think she would be a good fit for your household, you can begin the adoption process by filling out an application at [unitedanimalfriends.org](http://unitedanimalfriends.org).

## THE NIGHTS ARE COOLING QUICKLY...

PROJECT AWARE Inc, is an area Overnight Homeless Shelter for Men and Low-income Housing for Homeless Vets. A Clean and Sober Facility.

Homeless men are underserved and frequently an overlooked population. We found that homelessness occurs for three reasons. Displacement due to unemployment, underemployment or the market has simply outpriced people from renting. We have a work program to help these men get back on their feet. About one-third are experiencing mental health challenges, most are getting treatment and trying to fit back into society. Then there are those who don't want to live in a home. We understand there are stresses that create this group and we just want to be an equal opportunity shelter for cleaning up, sharing a meal and needed company.

We don't do gourmet food tasting events or car raffles to raise money. We rely on the heartfelt generosity of our neighbors to help us keep the utilities on.

We would be most grateful for a donation that allows us to continue to provide warm beds on cold nights.
