OFFICERS AND QUORUM:
President Al Zielinski opened the meeting with the pledge of allegiance and Community Manager Kim Flores took Minutes. The following additional Board Members were present: Chris Baum, PJ Bradfield & Bob Heise. John Ferbend, Co-Chair of Building & Grounds Committee also attended.

MINUTES:
Secretary PJ Bradfield made a motion to accept the October 1, 2025 minutes without reading. The motion was seconded by Chris Baum and passed unanimously.

TREASURERS REPORT:
Al Zielinski reported account balances: Operating Fund Checking $117,844, Reserve Fund Checking $123,699 for a Total of $241,545 in all accounts.

NOMINATIONS:
PJ Bradfield explained we can have up to 9 positions on the Board but it must be an odd number; 5, 7 or 9. We currently have only 4 on the Board and need at least 1 more to have a full Board. We have received 4 statements of interest to serve on the Board. The following have submitted statements to serve: Al Zielinski, Bob Heise, Dave Ratzlaff & Tracie Smith. Nominations Closed.

HOAMCO Introduction: Kim Flores, Community Association Manager. Kim discussed the new Office Coordinator, Rachel Neu and the new office hours: Monday - Thursday 9 am to 2 pm. Bills for annual Dues/Assessments will be sent out after the POA Board approves the 2027 budget. Dues are currently $68 a year.

TOWN HALL:
• Residents inquired how to pay annual dues/assessments. There will now be many different ways to pay. Rachel can assist homeowners. The only exception is cash will no longer be accepted.

• It was asked what the dues are used for? It was explained funds are used to maintain the office and all common areas. It is used to pay bills etc.

• There was a question about the old Maverik that was supposed to put up a block wall behind the property. Al explained he could find no record of that and it was also before his time on the Board.

• A resident questioned semis using 'Jake brakes' on SR69. ADOT will not address.

• Speeding in PCC - There were numerous residents expressing concern about speeding. Something has to be done! Discussed options or solutions attempted in the past. County won't install Speed Bumps. The Sheriff is the only solution for enforcement but they are spread very thin.

• Weeds - Many residents complained about weeds in the community. HOAMCO will be implementing Compliance Inspections soon to address theses issues.

• CC&Rs - Residents expressed concerns regarding rentals and group homes. It was explained the CC&Rs do not restrict rentals. It is also nearly impossible to make changes to them as it takes 100% of a vote.

• Christmas Tree - Sequoia at the entrance will not be decorated this year since Jonny's Landscape cancelled our contract in a very unprofessional manner last July.

ANNOUNCEMENTS:
• Next POA Board Meeting is scheduled for Wednesday November 4 at 2:00 pm
• The Annual General Membership Meeting will be December 2, at 6:00 pm (Elections)

Prescott Valley Chamber Report

November: Connecting Commerce and Cultivating Community

November is a special time of year in Prescott Valley. It is a month when we pause to give thanks, recognize those who have served our country, and come together as a community. At the Prescott Valley Chamber of Commerce, our mission of Connecting Commerce and Cultivating Community comes to life through the many events and opportunities we have planned this month.

We begin the month by honoring those who have served our nation at our Veterans Luncheon on November 6. This is always a meaningful event and an opportunity for our business community to come together to recognize the men and women who have sacrificed so much to protect the freedoms we enjoy. We encourage our members to join us as we say "thank you" to our veterans and show them how much their service means to our community.

On November 12, we will host our Lunch & Learn, featuring the important topic "Strengthening Communities through Intergenerational Bonds." Led by Cherie Hull, this conversation will explore the value of connecting generations and the positive impact those relationships can have on our families, workplaces, businesses, and community. Strong communities are built through relationships, and this is an opportunity to learn how we can all contribute to building those connections.

Then, on November 23, we will come together for one of our favorite community traditions, the Annual Flying High Turkey Drive at Fry's on Glassford Hill Road. This annual effort helps provide Thanksgiving meals to local families in need. I encourage businesses, organizations, and individuals to participate and help us make a difference for families throughout our community.

Finally, the holiday season officially arrives with the kickoff of Valley of Lights on November 26 at Fain Park. This beloved Prescott Valley tradition will continue through December 30, providing families with an opportunity to enjoy the beautiful holiday displays and celebrate the season together.

November reminds us that a strong business community is also a strong community. Thank you for continuing to support local businesses, participate in Chamber events, and invest in the people who make Prescott Valley a great place to live, work, and do business.

How to Control Spam Phone Calls

As you may have noticed, election season and Medicare/insurance renewals market calls are exhasperating the already nonstop ringing of your phone. Political campaigns, polling organizations, fundraising groups, and scammers can all contribute to an increase in unwanted calls. While some political calls are legal, that doesn't mean you have to answer them.

Here are a few ways to take back control of your phone.

Don't Answer Unknown Numbers

One of the simplest strategies is to let unfamiliar numbers go to voicemail. Legitimate callers who need to reach you will usually leave a message. Avoid pressing buttons to "opt out" of a robocall unless you know who is calling. Doing so can sometimes confirm that your number is active.

Turn On Spam Protection

Most modern smartphones have built-in tools that can identify or block suspected spam calls. On an iPhone or Android phone, look through your Phone settings for options such as Silence Unknown Callers, Call Blocking, or Spam Protection.

Your cellular provider may also offer free or low-cost spam-call protection. Check your provider's website or mobile app to see what is available.

Block Repeat Offenders

If the same number repeatedly calls, block it. Unfortunately, scammers frequently,"spoof" phone numbers, so blocking one number won't necessarily stop all unwanted calls. Still, it can reduce repeated calls from the same source.

Be Careful With Political Surveys

Not every political survey is a scam, but unsolicited callers may use political questions as a way to collect personal information. Never provide your Social Security number, financial information, passwords, or other sensitive information over an unexpected call.

Remember: You Don't Have to Engage

During political season, it's perfectly reasonable to let your phone screen your calls. Your time "and your peace and quiet" are valuable.

If you're overwhelmed by unwanted calls, The PC M.D. Computer Repair can help you review your phone, computer, and security settings and show you how to reduce unwanted calls and messages.

Handmade Gifts, Lasting Memories

Want to wow your friends and family this year? Skip the mall and give something one-of-a-kind from a local artisan. You'll find these treasures at arts and crafts shows, in galleries, and on artists' websites.

Quad-City artists create an amazing variety of pieces: jewelry, paintings, woodwork, ceramics, glass, clothing, home décor and more. The best part? You don't need a big budget to find the perfect gift for family, friends, or yourself (go ahead, you deserve it!).

Buying straight from an artist lets you learn about them and their work. Here's a fun idea: tuck in a note sharing the gift's story. Who made it? How? Why did you choose it? That small touch makes any gift extra special.

Handmade gifts create lasting memories. I think of the friend who made my favorite earrings every time I wear them, and the same goes for the ceramic spoon rest and bowl a friend made for me. I bet you have your own handmade memories, too.

Ready to start (or finish!) your holiday shopping?

Join me at my Holiday Boutique on Saturday, December 5, from 10 am to 4 pm. Along with my jewelry, you'll discover sparkly ornaments hand-blown one at a time by my nephew, Brian, and magical greeting cards by my sister-in-law, Susan. Plus, a few holiday surprises!

From fun stocking stuffers to one-of-a-kind jewelry, you can check off your whole list. Susan's cards, made from her original paintings, will make you laugh and remind you how special it is to send (or get!) a handwritten note. And Brian's ornaments? They're sure to become family heirlooms.

I'd love to meet you, show you my studio, and help you find that perfect gift, all while supporting my small art business and our wonderful community.

Wishing you a warm and wonderful Thanksgiving!

Reverse Mortgage: It's Not Just About "How Much Can I Get?"

One of the questions I hear quite often is, "How much money could I actually get with a reverse mortgage?"

And while that's certainly an important question, there is a little more to the story.

For 2026, FHA increased the maximum claim amount used for HECM reverse mortgages to $1,249,125.

That number sounds pretty impressive, but it doesn't mean someone with a home worth $1.2 million automatically gets access to that amount. There are several factors that go into determining the actual amount available, including the homeowner's age, the home's value, and current interest rates.

This is one reason I always tell people not to make a decision about a reverse mortgage based on a quick internet calculator or something a friend tells them.

Your situation is your situation.

For some homeowners, the goal is simply to eliminate an existing monthly mortgage payment. For others, it might be creating a line of credit for future expenses, paying for home improvements, supplementing retirement income, or having additional funds available if something unexpected comes up.

One of my favorite features of the HECM is the line of credit. If you don't use all of the available funds, the unused portion can grow over time according to the loan's credit line growth rate. It isn't money sitting in a savings account earning interest, but rather an increase in the amount you may be able to access in the future.

That can be especially interesting when we're talking about planning for the future instead of just solving today's problem.

I also think it's important to remember that a reverse mortgage doesn't mean giving up ownership of your home. You remain the homeowner, and you still have the responsibility to keep up with property taxes, homeowners insurance, and required maintenance.

So, if you've been curious about reverse mortgages but keep thinking, "I don't know if one would actually make sense for me," that's exactly the kind of question I'm happy to talk through.

There isn't a one-size-fits-all answer, and there doesn't need to be.

Sometimes the best place to start isn't with an application. It's simply with a conversation and a few numbers.

Dog of the Month

Hello, my name is Butters, and I am a ray of sunshine on four paws, ready to brighten your world with my playful spirit and curious mind. As a young pup, I am an explorer at heart, always eager to sniff out new adventures and discover all the tail-wagging treats life has to offer. With a big personality and an even bigger heart, I'll be your loyal companion through thick and thin, bringing a smile to your face and laughter to your days. I would do best as an only dog, –as long as there's fun to be had and love to be shared!

So, if you're looking for a friend to join you on life's journey, come and say hello. Let's write our story together, one filled with endless fun, cuddles, and unforgettable memories. I can't wait to meet you!

Cat of the Month

Tish is a petite, active 2-year-old with a curious spirit and a love for adventure.

She enjoys exploring her surroundings, investigating every nook and cranny, and turning everyday life into an exciting indoor expedition. When she's not busy on patrol, Tish is happy to soak up attention and spend time with her favorite people.

Funny and playful, Tish would thrive in a home that can keep her engaged and entertained. She may do well with another cat, provided they are introduced slowly and given time to become comfortable with each other.

If you're looking for a friendly, affectionate companion who will keep you smiling with her charming nature, Tish may be the perfect match for you!

Tish is a black and white shorthair who is current on vaccinations, is spayed and is microchipped. To apply to adopt or to learn more about her visit https://united-animalfriends.org
